Dedication

Father Thomas Mohan C.S.B.

*We respectfully dedicate this yearbook of the year two thousand and one,
the first book to be published in the new wing of our school to*

Father Thomas Mohan C.S.B.

our Principal and President for the past six years.

*It was Father Mohan's vision and genius
that has given us our new wing which in
fact doubles the size of our school and pro-
vides "state of the art" equipment in
every area.*

Numerous students in this century will enjoy the facilities of the school. It is only fitting that it be known to all that this dedicated priest provided the leadership and inspiration to keep St. Michael's in the forefront of Catholic education in Canada

St. Michael's

From Our Principal

Developing Christian Leadership

St. Michael's College School is a great place to be. There is a strong emphasis on the love of learning. The school community provides a strong mixture of academics, spiritual life and activities beyond the classroom. The high quality education at the school is made possible by the excellent staff. Over the years, Saint Michael's College School had been blessed with excellent students. This year is no exception.

MR. JOE BRISBOIS

Behind the photographs in this yearbook are many varied and interesting stories for the school year 2000- 2001. Your youthful faces reflect optimism, determination, happiness, relief, surprise and satisfaction. Camouflaged in a school yearbook, however is the opposite side of the emotional spectrum - exasperation, pain, disappointment and sadness. The reality is that every story of your life will include the happy, the sad, the good and the bad.

How you approach and handle the inevitable extremes will greatly determine in which direction your life story proceeds.

A positive approach to your experiences at St. Michael's College School will certainly assist with the development of your life story. As you grow and develop, your faith can be of great assistance to you. It will allow you to steer your story in the right direction.

Will your story be one of change and growth? Will your story include the extension of yourself into the larger community by way of contributing your time, your energy, your ideas, your talent or your special skills?

Will you be an informed, caring, vocal citizen with regard to issues which affect the quality of life for you, your faith, your family, the larger citizenry?

May your story of life continue to carry with it an active and balanced participation in the Church, your family, your students and the community.

I hope that your experience at the school allows you to prepare a story with a happy and fulfilling ending, and more importantly, with an ongoing sense of peace and accomplishment.

Society is in need of strong Christian leadership. I do hope that you will use the training you receive at Saint Michael's College School to make a difference. You are being educated in the areas of goodness, discipline and knowledge. This educational focus will assist you in dealing with the challenges that you will experience in life. With ~~you~~ rest the strength and success of our future society.

A Tribute to Mr. Vincent Pagano

By the time this comes out you , Mr. Pagano, will have been at your new position for almost four months- we are sorry to see you leave but we realize everyone wants to move ahead and so we thank you for the many years you gave of your life to St. Michael's. May you always find good friends, success and happiness in the years ahead

I left the classroom a few years ago thinking my teaching days were over. I leave 214 knowing my best lessons were taught in a room and in a position usually associated with underground chambers and unredeemable adolescent angst. I tried to teach and instill "character" the most important of all subjects. Some responded, some didn't. In the process I think I gained a little myself. Adversity has a way of providing infinite opportunities for growth and maturity regardless of age and experience. Thanks to all of you who understood that beneath that rough and tough exterior lay one of the most, gentle, compassionate and vulnerable souls anywhere. I'm only half kidding. To my successor or successors, you are fortunate people indeed. Most of it has been a great pleasure and a privilege. I will miss you.

By Anthony Merlocco - Grade Twelve

For one reason or another each one of us has ended up here at St. Mike's, where we are to receive a good, strong, Catholic education. We are to become, through five years of goodness, discipline and knowledge. St. Michael's men. We are to learn values, morality, virtues and course content along the way. We are to stand on our own, we are to be our own selves, strong enough to be independent and not have to depend on groups. We are to take away from this school something that you would not find at other schools, something deeper. We are to mature and come into our own. So that's why we are supposed to be here, but how many of us really become St. Michael's men?

Anthony Merlocco

We learn in a Catholic environment

What sets St. Michael's apart from the rest really? There is this reputation and this mentality that our school is just "better", that there is a superior education here. This is not true necessarily. Education is all about what you put into it, it's about the student. Although our school does provide a high quality of education, regardless, no matter how good the teacher is, if the student does not put the effort in, he will not receive a superior education. There are many other schools with students as good as we and some good teachers too. The teaching staff cares about education and enforces rules to instill discipline in us, which

helps us later in life because we can develop a good work ethic..

So St. Mike's is not entirely about a superior education, it does offer something more though, if you are willing to receive it. We learn in a Catholic community, in a Catholic environment. We have the opportunity to go to Mass every day. A Catholic education can bring more than just simple facts from a textbook to the student.. The student must be receptive though. We may not necessarily be any more intelligent than a student at any other high school , but we may be able to become more mature.

The reason most of us is here is due to the reputation, and the tradition of St. Michael's. And most of us are proud to be here because of this tradition. St. Mike's puts emphasis on both athletics and academics and it has a long standing tradition of excellence in both. As students here, if we want to take something away with us, we continue these traditions of excellence by becoming involved in extracurricular activities and working for good grades. We are often told not to be an "8:30 to 2:30" student, and this is important if we want to become well-rounded. St. Mike's is not just a hockey school, or a football school, it is a school for anyone with determination and strength, whether one demonstrates this in the rink, on the field, or in the classroom. That is what being here is about. Otherwise, you are wasting your money because you can go to school everyday and learn nothing more than what is in the book for free, somewhere else.

True education has nothing to do with Grade Eleven Chemistry or U.S. History, or anything else that you read and memorize and learn for a little while. Very few of us will remember which polyatomic ions have a "negative 2 charge" when we are forty (assuming that we even know it now). It is hard to put into words what true education is, but if you find it at St. Mike's you will know it (and it is here to find). It is learning what it is to be a person; what it means to be a man.

There are many adults who never really grow up. They are all around us and it is up to us not to become them by using the opportunity St. Mike's affords us to grow up and learn how to stand on our own. St. Mike's not only prepares us for University by giving us discipline and a lot of work to do , but also prepares us for the rest of our lives.

We obtain skills here to help us through University and exams and what not but we can also find the skills to help us through the difficult times in our lives. The times when things go wrong, when we find despair, when we need God. We can learn morality, compassion, righteousness, and honesty here, all the things that you do not read and acknowledge, but that you discover and reflect upon. St. Mike's has the power to help us discover our potential, not only our potential as students but also our potential as men. We can grow further towards becoming good men, and reduce the gap between who we are and who we want to be. Not everyone likes being here and, granted, our school has its faults, shortcomings , and rules that sometime seem extraneous, but despite any problems we have with it, our school does offer something more, if we are willing to open ourselves up to it.

That's why we are here. That is what we spend the tuition we so often like to complain about on. It may cost everyone five years of tuition to learn goodness, discipline and knowledge. By the same token, some could spend millions and never quite get the picture. So if it costs us a little but to immerse ourselves in Catholicism and spirituality and morality that's just the price we have to pay.

If, in the end, we come to know ourselves, grow up a little inside and find that sometimes-elusive maturity then it must all have been worth it.

Mr. Peter Mc Cann often says that some guys spend the dough and leave having never quite understood - maybe suffering the egghead syndrome of not taking knowledge outside of the classroom. Those are the ones who wasted all that money, forsaking morality and maturity for something far less, but it happens.

The question is will it happen to you? Or will you become a St. Michael's man?

In particular we wish to thank our club moderators and our teams' coaches for taking time out for pictures and supplying write-ups.

Certain individuals have shown great interest in this book and have supplied pictures and write-ups, especially we are grateful to Mr. Dan Nicholson for his football and hockey team portraits and to Father Zinger for the choir pictures. also numerous individuals have supplied pictures in the drama department.

We wish to thank those students who have supplied those sharp pictures of the formals and many candids as well. Finally the secretarial staff of the school have made things possible which seemed insurmountable. To them we are grateful too.

Public Speaking Contest

Gold medal winner Michael Ceci at far right with Raphael Sammut and Geoffrey Frost

On Monday February nineteenth, eight students in grade seven and eight competed in the Prep School's third annual Public Speaking Contest. The contest brings together parents, teachers and students in a celebration of student effort in prepared public speaking. The candidates worked for over a month revising their speeches and honing their presentation skills. Grade seven student **Raphael Sammut** took third place with an enlightening presentation on immigration through the eyes of a four-year old. **Geoffrey Frost**'s comical presentation on subway travel in the city, took second spot. Grade eight student **Michael Ceci** won top honours, speaking passionately about his brother with special needs. All these subsequently competed in the Royal Canadian Legion and Lions' Club public speaking contests. Congratulations to all who participated.

GRADUATE

Our 2001 Graduates

Aburto ,Robert

"Good-bye. I am leaving because I am bored." George Saunders, last words Here's what did it for me: Crew (while it lasted), Swim Team (OFSAA alternate), superfans, Wednesday, "a mockery of the institution", 4 years of Latin (ancilliae me delectant), washroom breaks, and third period spare. MS. GR: Requiescat in Pace). Last words of wisdom: "Slurpee policy is always in effect."

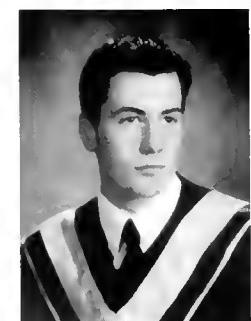

Arcuri, Domenic

The best five years of my life are now finished, but will never be forgotten. Friends for life have been made, and the memories will always be with me. I would like to thank my parents for all their sacrifices so that I may be here. Santi, rest in peace, you will always be in my heart. Special shout out to the "beast" (M.L and N.S), and to all the boys, you know who you are.

Atkinson, Sean

SMC to me represents five of the most rewarding years of my life. Along the way I've learned many life lessons but, to borrow from Robert Frost, I can sum up everything I've learned about life in three words—it goes on. Firstly, I'd like to thank God and my family for all the support they gave me. I'd also like to thank everyone from SMC who helped me during my time here especially PB, Bergin, Chittle, EJ, Fitz, Fisher, the McCanns, McKernan, the runners and my boys Bilyk, Doherty, Lontoc, Mikey, Mo Cash and NickyB. Gentlemen, we made it..

Barbetta, Mark

It's been a jokes 5 yrs. I'd like to thank all of my teachers and all my boys (slicks, spags, turzanski, clark, tim, kegger, onody, taggio, stubs, teolis, shark, fent, brittle, drey, farqy) and the lost boys(sillz,jan, michaillof). I have no regrets that I spent all my high school career at SMC

Barry, Ryan

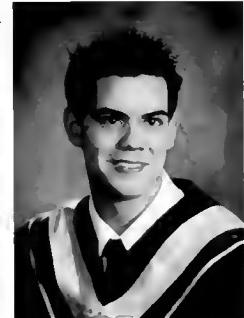

Albonese, Michael

The years at SMC were great. It's been my privilege that I owe to my parents. I would like to thank them for all they have done for me. I also want to thank my friends & God for helping me to get through the last 5 years: Paterra, Mazzeo, Caruso, Scampini, Sgro, Scandolari, Marmora, Racco, etc. Marc Santi (R.I.P), you were a model for all! It's been a real wild ride and I'm sorry to see it end! To the rest of the '01 Grads in the future. Good Luck and Carpe Diem! All good things come to an end, but great things never die!

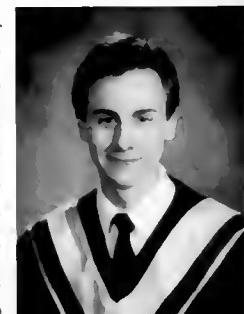

Arezes, Richard

After five years at St. Mikes I have to say that this school has shaped me into who I am today. Thanks mom and dad for sending me. Thank you Lord for helping me to get through it. Thanks to Mr. Barry for teaching me knowledge, Mr. McCann for teaching me goodness, and to Father Zinger for teaching me discipline. Thanks also to Father Enright for four years of IHL action. Thanks to all my buds (you know who you are) cause without them it wouldn't have been half the fun. Thanks for all the good times guys!

Avis, Christopher

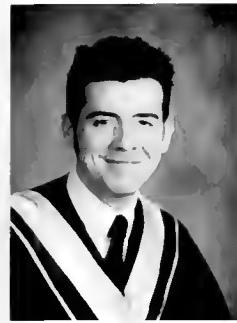

I entered St. Mike's as a tall, lanky boy. I now leave as a tall, lanky man. Five years have gone by in what seems like a flash, and have been filled with so many great memories. Thanks to my parents for giving me an education instead of buying a luxury sedan, and to all the boys for the great times. From the under-cut to the mullet the hair was never pretty, the locker was never clean, and the rocket was always late. Best of wishes to all those graduating and remember that the glass is always three quarters full.

Pat Barbieri

Well boys, its finally come to an end. However, Friday nights were different, except for.... and Tomato Burgandy's will always be our home. To Jonino, slaws, Lynchino, Matheno, MacDx2, FULTANO, boys, its been great, it doesn't get better than this. So boys, we leave our dynasty, SMC will never be the same after we leave!

The most memorable years of my life have come in a flash and gone like the wind. St. Michael's has shaped my life to follow in the guidance of our school motto: "Doce me bonitatem et disciplinam et scientiam" Sincere thanks to my mom and dad for their love, support, and understanding, teachers who have assisted me. Fr. Zorzi, Kerry Blues+coaches, pd. 2-3 spare boys, Fr. Zingers insightful classes, Mr. Pagano, and all of Class 2K1. Campione, Joseph

Hey...you...look here, RIGHT NOW! It took St. Mikes 5 years to finally realize that Dom & I were yelling the "phrase of the millenium". Thanks to Frank for the motivation of it, Mike for getting annoyed by it, Chex & Plescia for trying to yell it, Dom for co-creating it, James for hearing it, & the rest of St. Mikes for appreciating it. Zingo, the gardens look great! Mr. P, thanks for the razors! Chitz, stay RTG! Santi, you are our leader always & forever. You will never be forgotten! DOUBLE BLUE FOREVER! Ciao a tutti!

Cavalluzzo, Jean-Paul

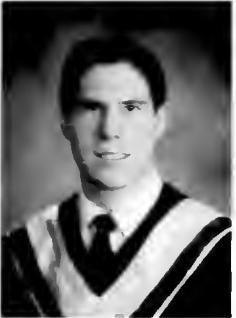

There are certain people that I must thank before I can speak of the best years of my life. Mom and Dad you instilled in me the hard work ethic that you both had your whole lives. Sis you always keep me on my toes. Katie you mean so much to me and you always keep me motivated. To these people, all I can say is 'I love you'. JR/Beef/Billyk and Fb Boys, we had great times together. Never forget St. Michael's isn't a place for just academics and Athletics, it's a place where you will meet the most amazing people in your life. For me, it was not only in the classroom, but also on the football field. "Remember, when everyone counted us out!" Always remember our achievements and championships. Blue Blood Forever! When you finally get used to the yellow bricks, it's time to move on.

Caruso, Roberto

It doesn't feel like the first time I walked into St. Mike's was half a decade ago. But I have experienced a lot of good times, bad times, and tragic times in these five years. I've also made some good friends here. Thanks to everybody who made my high-school career a good one. Special thanks to Paul, Bird, Marn, Dave, Capo, Rocco, Scampini, and all the guys who kept it fun. Thanks to my brother, for making me understand math, and the biggest thanks to my parents for spending a lot of money so I could have a good high-school experience.

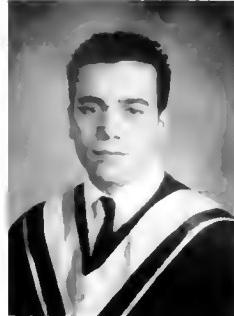

Ceccanese, Anthony

It was the best of times, it was the worst of times. Well, at St. Mike's, the worst of times simply doesn't come to mind. From Fr. Zinger's Grade 10 Latin class to Mr. Shannon's Grade 11 Chemistry class to my final OAC year, it has been quite an exhilarating experience. Shouts go out to all the guys who stood by my side and made those lunch hours all worth while: VQ, PL, PC, JF, VW, & DG. Shouts out to all those who participated in Oliver! Dazzling work everyone! I'll miss you guys! DOUBLE BLUE 4 LIFE!

Chalabardo, Andrew

Well boys, it's over. I'd like to thank my parents, for covering the bill. We shared some great memories in these yellow bricks. TDCAA soccer gold with Nick, and two TDCAA championships with the Kerry Blues. The great times in Pulco. To Fr. Zinger, one of the greatest inspirations in my life. Last but not least, we'll remember the great life of Marc Santi. He was a brother to us all, and all I can say is you were a true representation of what a St. Mikes man is all about. R.I.P. Marc, and God bless all the grads.

Ok, it's borrowed from my Pheebs. "And there are three things you should know about me. One, my friends are the most important thing in my life. Two, I never lie. And three, I make the best oatmeal-rasin cookies in the world. Well, I don't make them a lot. Because I don't think it's fair to the other cookies."

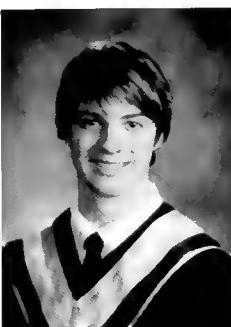

Gerald Commissioning

In the two years I've been at Saint Mike's I've learned a lot: how to delay tests, to become "sick" at opportune moments and to avoid and put things off as much as possible. However, I've also learned that there are ideals which people still live to uphold, and I've learned that it is better to have learned, loved and lost then to ever missed out on that goodness. Lates to all, RIP Santi, we'll never forget you

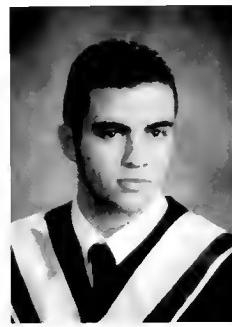

Cook, Tyler

Thanks to all that made this a great year both academically and athletically. (Fr. F., Fr. C., Fr. Zorzi, Coaches). Peace Out to all the boys and hopefully the good times will never end. Farqy, Farqy! Thanks for the support in the playoffs. Just remember all you need is love, and a beach!

St. Mike's has truly been a great school to me and its traditions and ways of teaching have helped me to develop into the man that I am today. The most important thing that this school has taught me is to believe strongly in my faith and without this I would not be able to survive in today's world. Thank you to all of my friends who have made this memorable especially gate six and my blue rose. Good luck and remember these five years always.

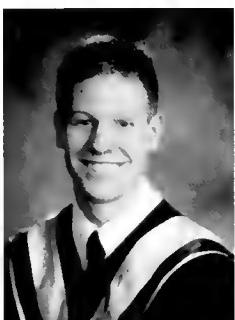

Doherty Christopher

I would first like to thank God and also my parents for all their support. Thanks to all my teachers especially Mr. John for all his time and advice on and off the court. The journey has come to an end, needless to say St. Mike's was filled with many memories that I will keep for life. There are many I must thank for they are responsible for not only making the journey possible but also enjoyable. First and foremost, I thank my parents for their continual love & support, and \$35000!. The Basilians. My teachers: Narducci, Shust, Thompson, Sheridan, Fr. My time has finally come to leave this yellow building. These years have been long and hard, but thinking back they were the most fun. Many nights I found myself working until 3 am then going for a late night session. St. Mike's was a fun and... challenging and I will never forget these years. Of course, thanks to all those who helped me:) In regards to preparing you for the real world, Mike's did a good job. If there's two things I'll remember, they are: the importance of coffee and 'If you mess with the bull, you get the horns.'

**Ferraiuolo, Patrick**

They say people rarely get to live out their dreams fortunately I have lived mine. Ever since I was a young boy, I knew that my blood was blue and that SMC was the place I HAD to be. Thanks to my family for making the dream a reality and to the boys for making it sweet. All good things must come to an end, however, and I now leave a St. Michael's man like those who have gone before me. For those still living the dream: "To you from failing hands we throw the torch; be yours to hold it high."

Gillin, Andrew

Wow, where did the time go? I have asked myself this question numerous times in my high school career, mostly when academic deadlines seem to creep up on me and I stay up all night. Right now I ask it again, but with sadness because my high school experience at St Mike's is coming to a close. From here on I carry many great memories of the past five years. Above all I'll always remember the good times with the boys. I wish all of you luck in everything you do. "Genius without Education is like Silver in the Mine."

Five years have gone by so fast. It seems like only yesterday that I first entered these yellow brick walls, just a green kid. Now, I'm graduating a man. Memones: checked into walls as a niner,detentions daily, no girls,no soap,cafeteria food,school dances, some great discussions, Buster's everyday,Allancourt Friday nights,lotsa laughs,exam all -nighters,being late for homeroom,becoming a Prefect(who would've thought?),etc "Man is born free and everywhere is in chains" - I've broken my chains and now I'm free. The future is looking bright...

The love of God must be part of your life

Gratta, Domenic

Throughout my five years here at St. Michael's College I have learned several significant life lessons: Love life no matter what; Love God, yourself and your family before anyone else; Always be yourself; Respect your fellow brother; and finally, yell at the occasional person then deny that it was you. Thanks to all my friends, Mr. P, Nards, Fr.Z, Mr. DiLeo, and Mr. Fischer for being truly inspirational. Thank-you Marc for opening my eyes to the things that are ultimately important in life. Look here now...wasn't me.

Grossi, Daniel

I now look back and can positively say that the time I spent in this place we call St. Mike's have and will forever be a memory which will never be forgotten. The memories are far too many to write in this quote but they will forever be in my mind. My friends are far from few and I will always treasure all your friendships. I can proudly say I am a HOG, a Kerryblue, and I do bleed blue. I thank my coaches, teachers, friends, and most of all my family for helping me to become a St. Michael's Man.

Gurrieri, Jordan

Its been five years since I first stepped under that stone archway in front of SMC. I came not knowing anyone or what I was getting into, but now I leave with a countless number of friends, who have made those five years the best of my life, and an experience that has helped me find myself and what I have become. Those great friends, some who are with us in spirit now, and the things I've learnt will never leave me as I move on with my life. I'd like to thank my parents for forking over the cash to keep me here and my teachers for letting me stay.

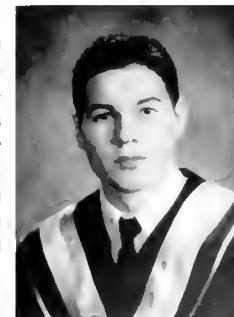

Hagino, Kevin

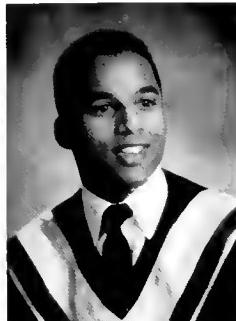

Mellon Collie and the Infinite Sadness. Things slip in and out of existence, yet forever will these memories remain with me: Bboying at the pep rally and dances, laughing 'til it hurt to smile, cheering 'til it pained the throat, studying fervently upon suicidal tendencies, watching Chan run into a pole, "On va au labo" ... Thanks to Mr. McCann for inspiring my philosophical insight. In closing, "The effect of life in society is to complicate our existence, making us forget who we really are by causing us to become obsessed with what we are not."

Hay, John David

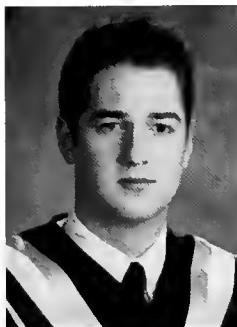

St. Mike's has been good to me. I'll be forever in debt to my family for their support, and my teachers for their tolerance(Mr V!). To all my blue-blooded boys, your friendship was returned with interest. Long live Ireland2k and Scrumpy Jack. I've learned two genuine things about life at St. Mike's. One is that "Life moves pretty fast. And if you don't stop and look around once in a while, you might miss it". Ferris Bueller. Double Blue 'til I'm through.Cheers!

Hospedales, Justin
 I give my divine thanks to God the Almighty and the heavens above. To my parents I'm truly thankful for watching over me. For all the friends I have gained throughout the years at OCS and St. Mike's they will never be forgotten. Special thanks to R.S, S.B, P.M and the rest of the boys from OCS for being there for me. Never forgetting my Blue Blood brothers E.V, M.R, J.Z, A.B, N.B, M.S RIP. It was a great ride boys and we have finally arrived accomplishing our goal of becoming true St. Michael's men, best of luck and God Bless.

The days of high school have finally come to a close. The 5 years of walking through those yellow walls are finished, still the memories remain. The memories started the first week of school with meeting new friends who I remember for all time. Also once the sports seasons started the year became better. The best memories with sports are the 5 years of volleyball, and the 2 OFFSSA silvers and bronze for archery. The memories from St. Mike's will never leave me and I'm proud to say that I was part of the Double Blue family.

"Day by day, nothing seems to change, but pretty soon, everything is different" (Calvin and Hobbes). I don't have much advice, but for those who insist. There is a point in every person's life where they become stressed out no matter what the situation. For those times I offer three points of advice. 1. Take a deep breath, 2. Have a drink, 3. Watch the sun roll by. But always remember when putting forth an opinion: "I may not agree with what you say, but I will defend to the death your right to say it" (Voltaire).

Life is persistently complex. It is an enormous amount of decisions that need to be deciphered in respective order. But caution must be taken; though seemingly ideal and good, sometimes are blatantly not! choice comes experience in life and experience brings about the serenity and comfort of truth in your actions. Youth pawns its responsibility and irresponsibility is the catalyst for experience, but now an era is born and I'm not young anymore. Santi, Marc
TWO roads diverged in a yellow wood. And sorry
I could not travel both

And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth; Then took the
other, as just as
fair,
And having perhaps the better claim. Because it
was grassy and wanted
wear;

Two roads diverged in a wood,
and I took the one less traveled by. And that has
made all the difference.

"Ever feel like you've been cheated?" I shall not waste my days in trying to prolong them. 5 years. Many things have been said and done throughout my time at St. Mike's. I'd like to give thanks to my Parents for waking me up in the morning. And all of my friends (you know who you are). I have learned a few things here and I don't think I will forget them. Just remember, "Behind every great fortune there is a crime."

Scandolari, Jason

What can be said about my 5 years at S.M.C.? They passed as fast as they came, annual steps toward tomorrow yet far from identical. Many memories, too many to list, chili winters and red hot summers. Eternal friends made (introduction not needed). Knowledge gained both academic and spiritual (In aeternam te memoria tenebo Zingo"). No Regrets.

Scocco, Anthony

Five years have passed with the blink of an eye, and I thank the SMC community for providing me with an outstanding education, and valuable memories. Wrestling, Italy Band trip, St.Lucia 2000, Acapulco 2001. But of course all good things come to an end, and thanks to the genitori for picking up the tab, and to the boys for making these years memorable. Lastly, Santi, you were one of the best and will never be forgotten. Don't forget to look down on us. We miss you. DEMON DOGS!

Shaw, Christopher

I would just like to take this opportunity to thank all my teachers and the St. Mike's faculty for the gift of education. I feel that it is my obligation to make special recognition to the two people that have given me the most inspiration. First, Marc Santi who will forever remind me that life is yours to shape through perseverance. Also, Father Zinger who taught me what it means to be a Catholic. If it were not for him, I honestly believe that I would be venturing into the future as a faithless individual, thank you Father Zinger.

Sawa, Jeffrey

To friends we've gained, to friends we've lost, to St. Michael, and to God, I could not have made it without you. Thank you.

Sgro, Christopher

My 5 years @ SMC have come & gone in the blink of an eye. Thanks Mom & Dad for all your support. I couldn't have done it without you. Thanks to all the teachers & Mr.P for pushing me to do my best,(especially Mr. Fifield & Coach De Piero, thanks for the chance). Fr. Zinger, your influence on my life will be everlasting. To all my friends(THS)we have a lifetime of memories & still more 2 come. MS4 pray 4 us. "All good things must come 2 an end, but never be forgotten, catch ya on the flipside." -Original

Shoueri, Andre

When I first got here I didn't even know when the next class began, where it was, or how to get there and I still don't. I have, however, learned many valuable lessons and have become a better man thanks to SMC. I especially thank my brother and parents. I thank Dileo, Oat, Pietrkiewicz, McCannX2, Fitz, Lee, Barry, Sinty th., Coughlan, Thompson, John, McDougall, McKerman, and Pagano. I'll always remember Italy 99, Florida 2K, St Lucia 01, Xcountry and track, locker room, caf, and JHL.

"An education isn't how much you have committed to memory, or even how much you know. It's being able to differentiate between what you know and what you don't." - Anatole France --->Throughout my 5 years at SMC, I have learned the truth of this quote. With the education great, the experiences memorable. I wish to thank all of my friends and teachers and especially my mom for making me what I am now. *Don't judge people until you truly know them.* I wish everyone reading this good luck in future endeavours. L8tr.

Slawson, Christopher

Will we reminisce about the daily gauntlet? Will we still hear the echos of chanting throughout the halls? Will the occasional food fight slip our minds? Will the memory of Zinger's watergun be forgotten? Will the dress code violations we were so proud of be gone with time? Lets hope not! We are now SMC grads. To the boys, "Speak softly and carry a big stick" and sharpen it if you must. Adeline, the memories will never cease, nor my feelings for you. "College is a fountain of knowledge and we shall go there to drink.....from it"

"I never let my schooling interfere with my education." - Mark Twain

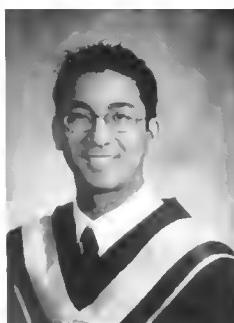

Smektala, Damian

Was it really just five short years ago? What a journey it turned out to be, full of the memories that make me the person I am today. The most important lesson I had to learn was how difficult it is to truly understand someone else. That is the second hardest thing to do in this life, next to understanding yourself. MJH, describing what you did for me in words is useless. Love and respect goes out to those who found themselves in these last years, and compassion to those who did not.

Snelgrove, Andrew

I would like to thank God, and my parents, without their love and guidance, I would not have made it. My time at St. Michael's was the most interesting time of my life, as it was full of numerous ups and downs. I will remember all of my friends, my teachers, and the baseball program. Over the last five years, I have lost many good friends, however, the lessons learned, and the discipline gained, will help me in the uncertain future. Peace.

Soobratty, Daniel

Beethoven once said "Friends applaud, the comedy is over" How fitting. I've learned 2 crucial lessons here: 1)Don't sweat the small stuff 2) It's all small stuff. Thanks to my parents & SMC. a place of tradition and excellence. We have been ingrained
with those traditions and have learned to achieve excel-
lence. As we depart for our futures we will remember our

I now take leave of you. I most devoutly wish that your
later days may be as prosperous and happy as your former

PROM NIGHT

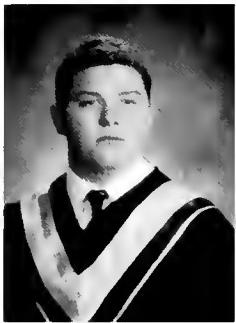

Tonks, Matthew

We entered SMC young and immature. 5 years later we leave older and less immature. We leave as leaders and hope for the future. Thanks Mr. Vitullo for always helping me with volleyball. Thanks and props to Mike, Mark, Adrian, Nick, Alex for sticking together. Thanks Kramer for putting up with me for five years. It's over. Thanks Mr. Fischer for always caring and challenging me to do my best. It's amazing how things have changed in 3 years for all of us. "Always do what is right. This will surprise some people and astonish the rest." (Tolstoy)

Venditti, Paul

I came with Red Blood I left with Blue Blood. That's the sum of my yrs at Mike's. In Gr 9 I felt like a little boy being bombarded with quotes about turkeys, conspiracies, and SMC cheers. Now I'm older and wiser, but will always wonder why Trentadue was so loud, and Cogi so happy. I Thank my teachers and my friends the 3amigos, Y&SCrew, WFS, for helping me through it all. I thank St. Mike's for teaching me this principle; Character may be manifested in the great moments, but it is made in the small ones. (Phillip Brooks) To the memories.

Vitullo, Michael

My journey through the yellow bricks is finally complete. First of all, I must thank my parents. To my mom, who supported me all the way through, I thank you. To my dad who coached, drove, and encouraged me, I thank you. What about the memories: TDCAA finals 98/99, OFSAA 97/98, CISAA champs, Zinger and Narducci's classes, the friends I made: Alex, Nick, Mark, Bilyk, Sean, and Maloney, thanks for the laughs. To the class of 2001: We've made it through both good and bad times, let us never forget them. Double blue will be a part of us forever.

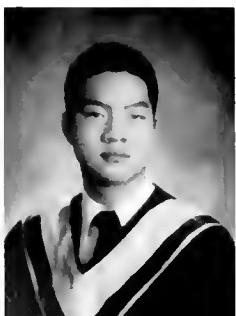

Wilson, Brendan

We came as boys; we leave as men (well, some of us anyway). These were unforgettable times: Mr. Barry's Mod West and Ancient Civ classes, guest starring the ineffable Michael Wood; Mr. Narducci's Calc class ("Set da derivative to d'zero!"); 4 consecutive years of Mrs. Morra's Latin. Ultimate frisbee and the water balloon launcher at Matt's house. Marc, we will always keep you in our prayers. Now, it's on to conquer the world!

Yeo, Jonathan

"Parting begins at the 1st meeting". After 5 years of rising tuition, late nights, early mornings, long GO rides and hard work my journey through these yellow halls is over. Thank you to my parents for dishing out the cash, my teachers for their knowledge, and all the guys who made everyday a memorable one. M.M. Metro Bowl, DiLeo French, "Memme shut-up", Gr 12 chem w/Rob, Major games behind the box, the slurpee policy and parking lot antics. "Time is a great teacher, but unfortunately it kills all its pupils." Hector Louis Berlioz.

Truax, Patrick

I would like to thank my parents from the bottom of my heart for everything they have given to me. Special shout outs to Nick O. Andrew (No show) H. & Alfred (Omega Red) E., Hat Street & the Wall is where we had the best of times. And to everyone else that I've dealt with during the last three years, thanks for everything. Thanks again to my parents and I'll see you all in due time.

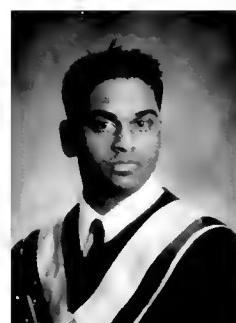

Verbanac, Edward

As I look back and reflect, I can easily say that St. Mike's has been the best 5 years of my life. I'd like to thank my parents for being there for me both physically and financially. I love you both. To my Kerry Blue brothers; Z-Dawg, Tide, Rini, Grossi and the rest of the boyz, thanx for everything. I'd like to thank God for all the blessings he has given me. Finally, to Marc Santi, there won't be a day that goes by where I won't think of you, thanx for being who you were. MS-54 Forever.

Williams, Gerard

My life here at St. Mike's has come to an end. All that I have learned will always be with me. I would like to thank my teachers, especially Mr. Zinger. I couldn't have maintained my sanity without my family. Thank you Amma, Appa, my brothers and my sister. I love you all. I would like to thank Marc Santi who has changed and touched my life. May he rest peacefully with God. Shout outs: J.S.M, C.C, P.D, M.F, P.C, K.H, M.K, J.L, R.F, S.H, A.S. Finally let us always remember our homeland. "Long Live Mother Eelam!!"

Wong, Victor

"Wherever you go, go with all your heart." -- Confucius. I would like to thank my family and friends for making these past five years memorable. I wish all of the best for the graduating class of 2001 and may we all have a happy and prosperous future.

Zamperin, Justin

It has been 5 years, and now it's over. It seems like yesterday when I first walked into SMC. And now that it's come to a close I am left with a quality education, and many great memories. To my parents whom I owe so much, thank you for supporting me along the way. And to Eddie, Rini, Tide, G.J.Hos, Mammos and the rest of the Double Blue Doggs, here's to the good times of the past and the ones we will have in the future. And lastly, to Marc Santi, who was a great friend, an incredible role model and a wonderful friend we miss you. MS #54 love forever.

Hey guys, there's still one missing

St. Michael's Computer Club enjoyed its sixth year of success in the American Computer Science League (A C S L). Our students competed against other programmers from the great country to our south as well as several other countries.. under the tutelage of Mr. George Shust our competitors were well prepared for the rigours of competition. This year St. Mike's qualified both an Intermediate and Senior (after a long absence) team.

The Intermediates finished fifteenth in a huge field of contestants from all over the continent. The Seniors finished fourteenth in their division.

The team travelled at the end of May to Everglades High School in Florida where the competition this year was held. The competition consisted of four hours of tough programming and difficult problem solving. The team prepared for the competition by spying on the competition at the beach in the daytime and then followed that by a night of fierce studying for next day's competition.

The team started the day with an impressive fifth place and the veterans came up with an eleventh place.

The Computer Club also takes part in the University of Waterloo Canadian Championship which challenges student over three hours with five tough problems in programming etc. Justin Lee was St. Mike's leader and is ranked among the top twenty-five per cent in Canada in his class.

The team would like to thank departing students, **Chris Chan, Justin Lee and Bryce Leung** for their involvement and a huge thank you to Mr. George Shust our fearless leader, teacher and companion.

The Catholic Graduate

Five years ago today's graduate entered the school as an adolescent driven with ambition, open for learning and overflowing with energy.

Each student adjusted to the school environment in his own way

Some found an energy outlet in sports, others became absorbed with computers, still others became fascinated with learning and were regulars in the library after classes.

As they grew , they also became conscious of something else in the school.. It was the presence of Jesus Christ in the school.

They became conscious of the fact that everything in the school was judged on the value scale of Jesus Christ.

The daily prayer, the noon Masses the opportunity for the sacraments, the open door of the Chaplain's office encompassed their daily lives.

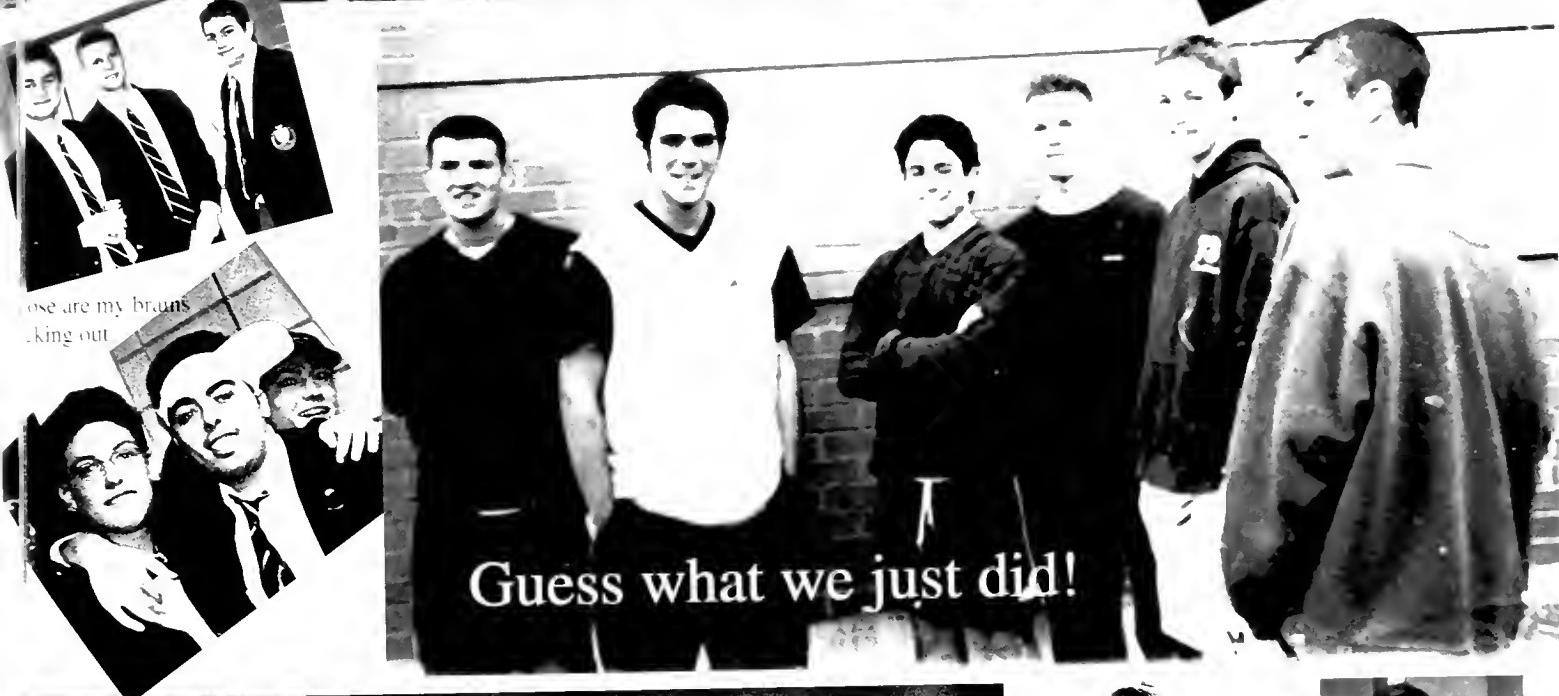

Throughout all of this was the daily grind of classes with homework scrutinized each day , an unremitting parade of tests and evaluations and always the spectre of Mid-year and June exams looming overhead

Today's graduates have been formed by all these components and go out into the world as **St.Michael's men.**

Art is encouraged by the student's immersion in various forms of art expression . Among these are works in oil, acrylic, ceramics, poster art, pencil, pen and ink, calligraphy, water-colour, mask-making, pastels, cartoon-drawing, computer graphics and design, print-making and mural drawings.

The students are evaluated by the works they have produced , and by their knowledge of art theory and principles . Important in the curriculum is knowledge acquired in the study of the works of the masters, and the various styles and movements in the history of art through the ages.

ALTOGETHER A GREAT HOCKEY SEASON

THOSE FLASHY MAJORS:

THE TORONTO ST. MICHAEL'S MAJORS were a team that had heart as well as talent. They astounded the league by keeping a torrid pace throughout the season , a season replete with many unexpected victories that took them on a slow climb to the top of the division. Under Coach Mark Cameron the Majors showed determined and resiliant play. Who will forget the great series with Sudbury and Peterboro when the Majors came through with great road victories to go on to the divsion finals, only a step away from the Memorial Cup series?

BUZZERS , A DETERMINED TEAM.

In a season marked by many highs and lows, using dedication and guts , the Buzzers turned in a highly credible season. They were determined to improve and finished the year with a .500 average and come play-off time they defeated the tesam that had finished ahead of them in the standings.

They were then forced to play against the top team in the league, the team which went on to win the Provincial Crown. It's true the Buzzers faltered before an obviously better team but their determination was undimmed and they left the ice with their heads held high .

SENIOR DOUBLE BLUES

The Senior Double Blues were led by Pat Ferraiuolo who was the leading scorer on the team.What Pat lacked in size he made up for in quickness to spot openings and his speed which kept opponents off balance.The Senior Double Blues played in the "A" section of the TDCAA and faced many talented opponents. The Seniors lost two close games to the eventual OFSAA champions. The Seniors rose to the top and got their foot into the championship door but just missed getting through it. Nice going guys and hang in there.

JUNIOR DOUBLE BLUES TDCAA CHAMPIONS

The Junior Double Blues had a very successful season . they played in two separate leagues and three tournaments. Results were TDCAA Champions , Runners-up in the CISAA (Independent Schools League) Losing in overtime , unfortunately In league play they had a record of 9 wins , 0 losses. The Juniors also won two tournaments out of three and were runners-up in the one they lost.. Total for the year 37 wins, 4 Losses, 1 tie.Congratulations to players and coaches.

UNDER 14 HOCKEY CHAMPIONS CISAA

This team won the championship of their league in five straight games.

An undefeated season is a reason for boasting but this youthful team didn't have time for talk as they cruised through the season scoring goal after goal.. They were winners of the UCC Invitational (third year ina row). Coaches give the success to a well balanced team , full of committment and desire.What a great record for other teams to take aim at!

One of the most popular sports St. Mike's is the Intramural Hockey League. It has popular appeal because it is not about yourself making a reputation as a great athlete, making your name well-known or setting records but rather about just plain having fun in sports. The league is superbly organized and the players know the league will be there for them.

Congrats and kudos to Father Enright and his volunteer helpers for making St. Mike's the better school

DUE TO STRIKES AND WORK TO RULE THE LEAGUE HAS HAD A DIFFICULT TIME FUNCTIONING OUTSIDE OF OUR SCHOOL. MANY SECONDARY SCHOOLS ACCEPTED THE ST. MIKE'S INVITATION TO TOURNAMENTS IN OUR SCHOOL. OUR ARCHERS HAVE SCORED IN THE TOP ECHELON , WITH BRIAN ARCAD RECORDING MANY FIRST PLACES.

JONATHAN MAR IS NOT FAR BEHIND HIM WITH ROB MACDONALD SCORING CONSISTENTLY. MIKE SURKONT AND ALEX HOWARD ARE ALSO HIGHLY RATED. OUR OFSAA TEAM WAS SECOND AMONG THIRTY THREE TEAMS. FATHER LEO BURNS IS THE MODERATOR OF THIS STERLING TEAM.

The team won Silver Medals in both their leagues - the CISAA and the TDCAA. Eight team members travelled to St. Catharines (they first thought of swimming but resisted the temptation) for the provincial championships. In the 100 metre Breaststroke, **Andy Gidaro** was fifth place, in the 100 metre individual medley **Matt Rubacha** was fifth and the 200 metre medley relay team of **A.J.Step, Andrew Gidaro, Matt Rubacha and Adrian Bilyk** placed fourth and the same team was sixth in the 200 metre Freestyle Relay. A good showing in the provincials for a second year team. With many dedicated team members returning next year and plans to flood the courtyard for a training pool 2002 looks great!

Besides returning home with many prizes our teams come back with the knowledge that they have made St. Michael's name known and seen possibilites for their own futures
